THE SCHOOL OF LAW

HISTORICAL STATEMENT

The Night School of Law of Loyola University was established in October, 1914. During the first year of its existence the classes were held in the Alumni Hall of the College of the Immaculate Conception, Common and Baronne Streets. An increase in the student-body made the removal of the school necessary, and it was decided to use a portion of Marquette Hall, located on the University campus near St. Charles Avenue. In September, 1925, the Day School of Law was inaugurated, in order to meet the standards of the Legal Council of the American Bar Association and of the Association of American Law Schools. In 1931 the need for more library space and additional classroom space necessitated the removal of the School of Law to Bobet Hall, the latest addition to the University buildings. Here it is housed, occupying the entire ground floor, where there is ample space for all of its present necessities and future development.

The School of Law is on the list of schools approved by the Council of Legal Education of the American Bar Association. A diploma from the School of Law entitles its holder to take the examination for admission to the bar of Louisiana before the Supreme Court Examining Committee. The curriculum of studies covers a period of three years in the Day Course, and four years in the Night Course, at the end of which the degree of Bachelor of Laws is conferred on those who have passed successfully the required examinations in the entire course.

COURSE OF STUDY

While it is the primary purpose of the School of Law to educate lawyers for practice in Louisiana, the study of the Common Law, prevailing in our sister-States, is not neglected. The Civil Law system, so peculiar to our State, necessitates a detailed study of the Civil Code of Louisiana and the decisions of the Louisiana Supreme Court, interpreting the Code.

The curriculum is planned with the view of giving the student a broad legal training. For this reason, courses are given

in the various branches of the Common Law, following the conventional lines of the courses existing in many of the other law schools of the country. The curriculum of the School of Law is particularly desirable for the student of Comparative Law who wishes to study the actual operation of the Civil Law side by side with the Common Law.

REQUIREMENTS FOR ADMISSION

In addition to meeting the requirements for admission to the College of Arts and Sciences, applicants for admission to the Law School must have completed their eighteenth year at the time of registration. In accordance with the standards of the Association of American Law Schools and the American Bar Association, students entering the Law School must present satisfactory proof that they have completed "one-half of the work acceptable for a Bachelor's degree granted on the basis of a four-year period of study by the State University or the principal colleges or universities in the State where the Law School is located."

PRE-LEGAL REQUIREMENTS

Students are advised in shaping their pre-legal course to adhere closely to the regular Freshman and Sophomore courses in the College of Arts and Sciences. A departure therefrom may cause an application to be rejected. The applicant's record in his pre-legal work must be of such a character as to indicate that the applicant will be able to do satisfactory work in the Law School. An applicant who has failed to receive an average of "C" or better in at least seventy-five per cent of his pre-legal work will be refused admission. Pre-legal credit will not be given for such courses as Military Science and Physical Education.

ADVANCED STANDING

Students who have successfully pursued a portion of their law course in an approved Law School (that is, a school which is a member of the Association of American Law Schools or approved by the American Bar Association), and who are able to meet the entrance requirements of this Law School, will re-

ceive credit for work successfully pursued in such approved school. The right is reserved to refuse such credit in whole or in part, and credit given may be withdrawn for poor work. At least one year's residence is required of advanced students or they will not be eligible for a degree. Therefore, credit given for work in another law school shall not exceed two years.

A student who has attended another law school, and who has been dropped for defective scholarship, is not eligible for admission to this Law School unless special permission is obtained, which permission shall be in the discretion of the Dean.

SPECIAL STUDENTS

Students who are not candidates for a degree, and who are twenty-three years of age, and who have a high school education, may be admitted to the Law School as special students, in the discretion of the Dean of the Law School.

The number of such special students admitted in any year shall not exceed ten per cent of the average number of beginning law students admitted during each of the two preceding years.

No student shall be admitted as a special student except where special circumstances, such as the maturity and the apparent ability of the student, seem to justify a deviation from the rule requiring at least two years of college work.

COMBINED COURSES

A student by a proper selection of courses in the College of Arts and Sciences, after completing three years of college work, may be eligible for the degree of Bachelor of Arts or Bachelor of Philosophy by combining the first year of law work with the work completed in the College of Arts and Sciences. In this manner it is possible to receive an academic degree and the professional law degree in six years.

Students electing to take the combined courses must obtain the approval of the Dean of the College of Arts and Sciences. Students registered in the Law School will not be permitted to take work in the College of Arts and Sciences without special permission from the Dean of the Law School.

The Faculty strongly advises those contemplating the study of law to arrange their college work in such a manner that they may take the combined course, with the resulting advantage of a broader background for the study of the law.

REQUIREMENTS FOR LAW DEGREE

The curriculum of studies covers a period of three years in the Day Course, and four years in the Night Course. The degree of Bachelor of Laws (LL.B.) will be conferred on students who have completed satisfactorily the course of eighty semester hours or forty hour credits, as outlined in this Bulletin.

EXAMINATIONS AND SPECIAL REGULATIONS

Examinations are given at the end of each of the two semesters into which the scholastic year is divided. The alphabetical system of grading is used. The grades A, B, C, D, E and F will be given. The percentage values and qualities of work indicated by these grades are as follows:

Grade	Quality of Work	Percentages
A.....	Excellent	93 - 100
B.....	Good	85 - 92
C.....	Fair	77 - 84
D.....	Bare Pass.....	66 - 76
E.....	Condition	50 - 65
F.....	Failure	Below 50

The lowest passing grade is "D." The condition indicated by the grade "E" may be removed by successfully passing a second examination which will be given with the next class in that subject. A mark of "F" cannot be made up by examination, and the subject must be repeated in class.

In addition to passing the examination in the courses, a student, in order to graduate, must earn a number of "quality credits" equal to the number of hour credits required for graduation. No student will be graduated until he has fulfilled both the credit hour requirement and the quality credit requirement.

Quality credits are earned according to the following schedule:

Grade	Quality Credits per Credit Hour
A	3
B	2
C	1
D	0
E	0
F	0

Every student must attain a passing grade in at least one-half of the work on which he is examined in any semester. He must also obtain quality credits in at least one-third of such work. Any student who fails to meet both of these requirements shall be excluded from the Law School during the next regular semester.

No student will be permitted to schedule more than fifteen hours of law work or work in another department of the University in any semester without special permission from the Dean of the Law School.

A student whose work is unsatisfactory during any session may be denied permission to carry a full schedule during the following semester.

FEES AND EXPENSES

Matriculation Fee (to be paid by all students entering the Law School).....	\$5.00
Registration Fee (payable each year).....	5.00
Tuition (\$75.00 semi-annually).....	140.00
Library Fee.....	5.00
Athletic Fee.....	10.00
Student Publication Fee.....	11.00
Graduation Fee.....	25.00

The Athletic Fee confers on Law students the privilege of attending all college games and events. The Student Publication Fee entitles the student to receive all college publications, including the Loyola Law Journal.

The Tuition Fee is payable semi-annually in advance, on the date of registration and on the day on which the second semester begins. Any student failing to register during the fixed registration days, or failing to pay tuition at the appointed time, will be taxed an extra fee of three dollars for the first week and five dollars for each succeeding week. All other fees, except Graduation Fee, must be paid on or before registration. Students in arrears will not be permitted to take the examinations.

REGISTRATION .

Students intending to enter the School must register between the dates fixed. A certificate of character and conduct, attested by at least two reputable persons, will be required of all applicants.

All High School units and College credits must be submitted prior to registration.

LIVING EXPENSES FOR STUDENTS

Good board and lodging can be secured near the School at very reasonable rates. The University operates a cafeteria in Marquette Hall, where excellent meals may be obtained at very low rates.

SCHOLARSHIPS

Many bright and ambitious men and women, of approved moral character, are deprived of the opportunity of entering upon the study of law because of lack of funds. To meet this situation, the University must look to generous benefactors who, in their charity, wish to help native sons and daughters in this way by supplying funds necessary to care for a student's tuition.

A Perpetual Scholarship is founded when an endowment of \$3,000.00 is set aside for that purpose.

Scholarships cover the tuition fee only. The holder of the scholarship must pay the special fees at the beginning of the year, and must at all times set an example of good conduct and serious application. The honor will be forfeited by any holder

of a scholarship whose grades or conduct during the semester are unsatisfactory.

LAW LIBRARY

The Law Library contains about 10,000 volumes, including the reports of the United States Supreme Court and of the inferior Federal courts; reports of the courts of last resort of many of the states and the several territories, supplemented by the complete National Reporter system, including the New York Supplement; reports of the Illinois Appellate Courts; the American digest system, as well as other leading State and Federal and English digests; the principal law encyclopedias, and sets of annotated selected cases; the full English Reprint and complete set of Law Reports; complete sets of the leading American legal periodicals. The study of civil law is aided by a wealth of material contained in the leading French authorities; two full sets of the reports of the Supreme Court of Louisiana.

The library was greatly enriched by the donation of the library of the late Chief Justice Edward Douglass White.

STUDENT ORGANIZATIONS

SODALITY OF THE BLESSED VIRGIN MARY

The purpose of the Sodality is to develop Christian character under the protection of the Mother of Christ, and to train young hearts and minds to works of mercy and charity. No student can be admitted to the Sodality unless he has proven himself to be of exemplary moral character, full of the Christian spirit, and an earnest student.

THE STUDENT COUNCIL

Officers of the various classes and departments, elected by the students, form a Council for the fostering of true college spirit and the promoting of student activities, whether athletic, social, scholastic or religious. Only such students are eligible to the position of class officers or members of the Student Council whose manly, moral character and standard of scholarship make them distinguished among their fellow-students. The election to be valid must be ratified by the Faculty.

DEBATING CLUB

Students of the School of Law must participate weekly in exercises of public speaking. To further this activity among the students and to develop special oratorical talent, the Loyola University Debating Club has been formed and conducts debates with colleges and universities in various sections of the country.

THESPIAN AND LITERARY SOCIETY

The purpose of the Thespians is to develop and give an outlet to the dramatic talent of the students. With this object in view, several plays are given during the year. Members are encouraged to write plays of varying length and scope. These, if they show sufficient merit, are produced by the Society at one or another of its appearances.

GLEE CLUB

Students of the School of Law are eligible for membership in the Loyola Glee Club. The Glee Club takes an active part in the public entertainments and assemblies of the University and has a schedule of concerts which it gives each year, both for public receptions and for radio programs over the Loyola Broadcasting Station, WWL.

UNIVERSITY BAND

Membership in the University Band is open to the students of the School of Law if they have the required ability and training. All who become members are expected to be regular and prompt in attendance at the appointed rehearsals. Opportunities for public performances are offered during the course of the year.

STUDENT PUBLICATIONS

The students of the University, under Faculty supervision, issue three publications: The Loyola Law Journal, a quarterly; The Maroon, a bi-weekly; and The Wolf, a year book. A Faculty Director is appointed directly by the President of the University, and he in turn appoints his editorial staff. The business management is in the hands of the students. Thus, their various duties in the editorial, reportorial, advertising and subscription departments render them familiar with phases of life outside of college that will be of benefit to them in their future careers.

THE SCHOOL OF LAW

GENERAL STATEMENT

The Night School of Law of Loyola University was established in October, 1914. During the first year of its existence the classes were held in the Alumni Hall of the College of the Immaculate Conception, Common and Baronne Streets. An increase in the student-body made the removal of the school necessary, and it was decided to use a portion of Marquette Hall, located on the University campus near St. Charles Avenue. In September, 1925, the Day School of Law was inaugurated, in order to meet the standards of the Council on Legal Education of the American Bar Association and of the Association of American Law Schools. In 1931 the need for more library space and additional classroom space necessitated the removal of the School of Law to Bobet Hall, the latest addition to the University buildings. Here it is housed, occupying the entire ground floor, where there is ample space for all of its present necessities.

The School of Law is on the list of schools approved by the Council on Legal Education of the American Bar Association. A diploma from the School of Law entitles its holder to take the examination for admission to the bar of Louisiana before the Supreme Court Examining Committee. The curriculum of studies covers a period of three years in the Day Course, and four years in the Night Course, at the end of which the degree of Bachelor of Laws is conferred on those who have passed successfully the required examinations in the entire course.

COURSE OF STUDY

While it is the primary purpose of the School of Law to educate lawyers for practice in Louisiana, the faculty recognizes that a broad legal training is an indispensable requisite to the successful practice of law. Accordingly, the study of the common law, which prevails in the other States, is not neglected. The civil law system, so peculiar to our State, necessitates a detailed study of the Civil Code of Louisiana, which is based on the Code of Napoleon. The decisions of the Louisiana courts

construing, interpreting and applying our written law must be carefully studied.

The curriculum is planned with the view of giving the student a sound legal training. Courses are given in the various branches of the common law, following the conventional lines of the courses given in most of the law schools of the country. The law curriculum is particularly desirable for the student of comparative law who wishes to study the actual operation of the civil law side by side with the common law.

THE FACULTY

The faculty is composed of six full-time professors who devote their entire time and attention to university work. In addition, a few courses are given by part-time instructors who are eminent and active practitioners in the city of New Orleans, and who are selected with reference to their particular ability to give the course assigned to them. In this manner the students are in contact not only with a staff of men who make teaching their chief pursuit, but the students have the added advantage of personal contact with the active practitioners, who are all experts in their particular fields. The relatively small student-body of the Law School increases the opportunity for personal contact between faculty and students, with the resultant benefits to be derived from individual attention and conferences.

LAW LIBRARY

The Law Library is open every day for the use of students. It contains more than 12,000 volumes, including the reports of the United States Supreme Court and of the inferior Federal courts; the National Reporter System, including the New York Supplement; the reports of the courts of last resort of most of the states complete to the National Reporter System; the American Digest System; the leading, State, Federal, and English digests; the principal law encyclopedias; sets of annotated selected cases; the English Reports, Full Reprint and a complete set of the Law Reports; complete sets of most of the leading American legal periodicals; a large number of standard text-books; the Law Library of Chief Justice Edward Douglass White, which was donated to the Law School, is a part of the collection.

The study of the civil law is aided by a wealth of material contained in the works of the leading French authorities. The Law Library contains one of the most complete collections of French law books in the State, including a valuable collection of the various editions of the Louisiana Civil Code.

The faculty and students of the School of Law wish to acknowledge with sincerest gratitude the various donations made by Miss Eleanor Del Bondio to their library, offices, classrooms and corridor. The library in particular is very conducive to earnest study.

REQUIREMENTS FOR ADMISSION

In addition to meeting the requirements for admission to the College of Arts and Sciences, applicants for admission to the Law School must have completed their eighteenth year at the time of registration. In accordance with the standards of the Association of American Law Schools and the American Bar Association, students entering the Law School must present satisfactory proof that they have completed "one-half of the work acceptable for a Bachelor's degree granted on the basis of a four-year period of study by the State University or the principal colleges or universities in the State where the Law School is located."

PRE-LEGAL REQUIREMENTS

Students are advised in shaping their pre-legal course to adhere closely to the regular Freshman and Sophomore courses in the College of Arts and Sciences. A departure therefrom may cause an application to be rejected. The applicant's record in his pre-legal work must be of such a character as to indicate that the applicant will be able to do satisfactory work in the Law School. An applicant who has failed to receive an average of "C" or better in at least seventy-five per cent of his pre-legal work will be refused admission. Pre-legal credit will not be given for courses without substantial intellectual content.

ADVANCED STANDING

Students who have successfully pursued a portion of their law course in an approved Law School (that is, a school which is a member of the Association of American Law Schools or

approved by the American Bar Association), and who are able to meet the entrance requirements of this Law School, will receive credit for work successfully pursued in such approved school. The right is reserved to refuse such credit in whole or in part, and credit given may be withdrawn for poor work. At least one year's residence is required of advanced students or they will not be eligible for a degree. Therefore, credit given for work in another law school shall not exceed two years.

A student who has attended another law school, and who has been dropped for defective scholarship, is not eligible for admission to this Law School unless special permission is obtained, which permission shall be in the discretion of the Dean.

SPECIAL STUDENTS

Students who are not candidates for a degree, and who are twenty-three years of age, and who have a high school education, may be admitted to the Law School as special students, in the discretion of the Dean of the Law School.

The number of such special students admitted in any year shall not exceed ten per cent of the average number of beginning law students admitted during each of the two preceding years.

No student shall be admitted as a special student except where special circumstances, such as the maturity and the apparent ability of the student, seem to justify a deviation from the rule requiring at least two years of college work.

COMBINED COURSES

A student by a proper selection of courses in the College of Arts and Sciences, after completing three years of college work, may be eligible for the degree of Bachelor of Arts or Bachelor of Philosophy by combining the first year of law work with the work completed in the College of Arts and Sciences. In this manner it is possible to receive an academic degree and the professional law degree in six years.

Students electing to take the combined courses must obtain the approval of the Dean of the College of Arts and Sciences. Students registered in the Law School will not be permitted to take work in the College of Arts and Sciences without special permission from the Dean of the Law School.

The Faculty strongly advises those contemplating the study of law to arrange their college work in such a manner that they may take the combined course, with the resulting advantage of a broader background for the study of the law.

REQUIREMENTS FOR LAW DEGREE

The curriculum of studies covers a period of three years in the Day Course, and four years in the Night Course. The degree of Bachelor of Laws (LL.B.) will be conferred on students who have completed satisfactorily the course of eighty semester hours, as outlined in this Bulletin.

EXAMINATIONS AND SPECIAL REGULATIONS

Examinations are given at the end of each of the two semesters into which the scholastic year is divided. The alphabetical system of grading is used. The grades A, B, C, D, E and F will be given. The percentage values and qualities of work indicated by these grades are as follows:

Grade	Quality of Work	Percentages
A.....	Excellent	93 - 100
B.....	Good	85 - 92
C.....	Fair	77 - 84
D.....	Bare Pass.....	66 - 76
E.....	Condition	50 - 65
F.....	Failure	Below 50

The lowest passing grade is "D." The condition indicated by the grade "E" may be removed by successfully passing a second examination. A mark of "F" cannot be made up by examination, and the subject must be repeated in class.

In addition to passing the examination in the courses, a student, in order to graduate, must earn a number of "quality credits" equal to the number of hour credits required for graduation. *No student will be graduated until he has fulfilled both the credit hour requirement and the quality credit requirement.*

Quality credits are earned according to the following schedule:

Grade	Quality Credits per Credit Hour
A	3
B	2
C	1
D	0
E	0
F	0

Every student must attain a passing grade in at least one-half of the work on which he is examined in any semester. He must also obtain quality credits in at least one-third of such work. Any student who fails to meet both of these requirements shall be excluded from the Law School during the next regular semester.

No student will be permitted to schedule more than fifteen hours of law work or work in another department of the University in any semester without special permission from the Dean of the Law School.

A student whose work is unsatisfactory during any session may be denied permission to carry a full schedule during the following semester.

REMOVAL OF CONDITIONS

Examinations for the removal of conditions may be permitted in the discretion of the faculty. The condition examinations will be given immediately preceding registration, on the dates set out in the bulletin. If the condition examination is passed successfully, the grade of "E" may be converted into "D," but no quality credits will be given for such second examination. Students may be denied the privilege of taking the condition examination and required to repeat the course where the circumstances are such as to indicate that such procedure is more desirable.

FEES AND EXPENSES

Matriculation Fee (to be paid by all students entering the Law School).....	\$5.00
Registration Fee (payable each year).....	5.00
Tuition (\$70.00 semi-annually).....	140.00
Library Fee	10.00
Athletic Fee.....	10.00
Student Publication Fee.....	10.00
Graduation Fee (payable in senior year).....	25.00

The Athletic Fee confers on Law students the privilege of attending all college games and events. The Student Publication Fee entitles the student to receive all college publications.

The Tuition Fee is payable semi-annually in advance, on the date of registration and on the day on which the second semester begins. Any student failing to register during the fixed registration days, or failing to pay tuition at the appointed time, will be taxed an extra fee of three dollars for the first week and five dollars for each succeeding week. All other fees, except Graduation Fee, must be paid on or before registration. Students in arrears will not be permitted to take the examinations.

REGISTRATION

Students intending to enter the School must register between the dates fixed. A certificate of character and conduct will be required of all applicants.

All High School units and College credits must be submitted prior to registration.

LIVING EXPENSES FOR STUDENTS

Good board and lodging can be secured near the School at very reasonable rates. The University operates a cafeteria in Marquette Hall, where excellent meals may be obtained at very low rates.

SCHOLARSHIPS

Many bright and ambitious men and women, of approved moral character, are deprived of the opportunity of entering upon the study of law because of lack of funds. To meet this situation, the University must look to generous benefactors who, in their charity, wish to help native sons and daughters in this way by supplying funds necessary to care for a student's tuition.

A Perpetual Scholarship is founded when an endowment of \$3,000.00 is set aside for that purpose.

Scholarships cover the tuition fee only. The holder of the scholarship must pay the special fees at the beginning of the year, and must at all times set an example of good conduct and serious application. The honor will be forfeited by any holder of a scholarship whose grades or conduct during the semester are unsatisfactory.
